

Individual Self-Certification Form

Foreign Account Tax Compliance Act & Common Reporting Standard

This form is to be completed by any Individual(s) who are Account Owners¹ to establish whether the Account Owner(s) are U.S. Citizens or residents in any other country other than Australia for tax purpose.

The Australian government has entered into agreements under which it has agreed to the automatic exchange of financial account information with other countries. These arrangements are commonly known as Foreign Account Tax Compliance Act³ ('FACTA') in the case of exchange by Australia with the United States; and Common Reporting Standard³ in the case of exchange by Australia with other jurisdictions who have implemented CRS.

Tax Regulations⁴ have been introduced which require us to collect certain information about each investor's tax residency⁵, along with further relevant information in this form. In each case, we may use the information you provided in this form for the purpose of assisting us, our affiliates and our agents to comply with the Tax Regulations, including by disclosure to the Australian Tax Office ('ATO').

In certain circumstances (including if we do not receive a valid self-certification from you) we may be obliged to share the information about your account(s) with the ATO. In each case the ATO may in turn share this information with the tax authorities of any or all participating jurisdictions, including the U.S.

MPG Funds Management is not able to provide you with tax or professional advice in respect to your tax residency in respect of FATCA or CRS and we strongly encourage you to seek advice from an experienced tax or professional adviser in relation to completing this form.

This form should be completed, signed and returned to MPG Funds Management Ltd, PO Box 1307 Camberwell, VIC 3124.

Should any information provided change in the future, please ensure you advise us immediately.

1. Investor Information

Full name of registered holding account:

Investor ID (leave blank if this is your first application into an MPG Fund): _____ / _____

2. Individual Person details

Explanatory notes

- ¹ **Account Holder:** The term “Account Holder” means the person listed or identified as the holder of a Financial Account. A person, other than a Financial Institution, holding a Financial Account for the benefit of another person as an agent, a custodian, a nominee, a signatory, an investment advisor, an intermediary, or as a legal guardian, is not treated as the Account Holder. In these circumstances that other person is the Account Holder. For example in the case of a parent/child relationship where the parent is acting as a legal guardian, the child is regarded as the Account Holder. With respect to a jointly held account, each joint holder is treated as an Account Holder.
- ² **Entity:** The term “Entity” means a legal person or a legal arrangement, such as a corporation, organisation, partnership, trust or foundation.
- ³ **FATCA and CRS:** ‘FATCA’ means sections 1471 to 1474 of the United States (‘US’) Internal Revenue Code and the US Treasury regulations and official guidance issued thereunder, as amended from time to time together with any intergovernmental agreement implementing the same. ‘CRS’ means the OECD Common Reporting Standard for Automatic Exchange of Financial Account Information.
- ⁴ **Tax Regulations:** The term ‘Tax Regulations’ refers to laws, treaties and regulations created to enable automatic exchange of tax information and include FATCA, the CRS and any regulations, guidance or intergovernmental agreements implementing or similar to the same. In Australia this consists of subsection 396-A (FATCA) and subsection 396-C (CRS) of schedule 1 to the Tax Administration Act 1953 which is administered by the Australian Tax Office (‘ATO’).
- ⁵ **Tax Residency:** Each jurisdiction has its own rules for defining tax residence, and jurisdictions have provided information on how to determine whether an individual is tax resident in the jurisdiction on the OECD website <http://www.oecd.org/tax/transparency/automatic-exchange-of-information/>. Generally, an Individual will be resident for tax purposes in a jurisdiction if, under the laws of that jurisdiction (including tax conventions), it pays or should be paying tax therein by reason of its domicile, residence, or any other criterion of a similar nature, and not only from sources in that jurisdiction. Dual resident Individuals may rely on the tiebreaker rules contained in tax conventions (if applicable) to solve cases of double residence for determining their residence for tax purposes. For additional information on tax residence, please talk to your tax adviser or see the OECD automatic exchange of information portal.
- ⁶ **TIN (including “functional equivalent”):** The term “TIN” means Taxpayer Identification Number or a functional equivalent in the absence of a TIN. A TIN is a unique combination of letters or numbers assigned by a jurisdiction to an individual or an Entity and used to identify the individual or Entity for the purposes of administering the tax laws of such jurisdiction. Further details of acceptable TINs can be found at the OECD automatic exchange of information portal. Some jurisdictions do not issue a TIN. However, these jurisdictions often utilise some other high integrity number with an equivalent level of identification (a “functional equivalent”). Examples of that type of number include, for individuals, a social security/insurance number, citizen/personal identification/service code/number, and resident registration number.
- ⁷ **Reportable Account:** The term “Reportable Account” means an account held by one or more Reportable Persons or by a Passive NFE with one or more Controlling Persons that is a Reportable Person.
- ⁸ **Reportable Jurisdiction:** A Reportable Jurisdiction is a jurisdiction with which an obligation to provide financial account information is in place that is identified in a published list.
- ⁹ **Reportable Person:** A Reportable Person is defined as an individual who is tax resident in a Reportable Jurisdiction under the tax laws of that jurisdiction. Dual resident individuals may rely on the tiebreaker rules contained in tax conventions (if applicable) to solve cases of double residence for purposes of determining their residence for tax purposes.
